

LEVELS OF QUALITY

POWER-Tech 10W-30 4T is a synthetic base oil compliant with the following international specifications:

- API SM
- JASO MB

DESCRIPTION

DuglasOil POWER-Tech 10W-30 4T is an oil made on a synthetic base with the use of high-quality additives. Designed for 4-stroke water or air-cooled scooter engines, equipped with continuously variable automatic transmissions, which require a lower friction coefficient to allow a certain "slip" of the transmission. Provides excellent performance on all types of 4-stroke engines.

APPLICATIONS

The special formulation guarantees excellent protection both at high temperatures, in severe operating conditions and when starting with a cold engine.

The use of this product allows the following benefits to be obtained:

- Reduction of exhaust smoke
- Cleaner engine.
- reduction in wear of rings and pistons.

TYPICAL FEATURES*

SAE SCALE		10W-30
Density at 15°C Kg/dm ³	ASTM D1298	0,845
Viscosity at 100°C cSt	ASTM D445	11,0
Viscosity Index	ASTM D2270	150
Flammability V.A. °C	ASTM D92	210
Pour Point °C	ASTM D97	-33
T.B.N.	ASTM D2896	8,5

* The above-mentioned values are indicative of production average values and are not an integral part of the specification
