

LEVELS OF QUALITY

POWER-Tech Fork 10W is according to the following international specifications:

- SAE 10W
- DIN 51524 Part 3 HVLP

DESCRIPTION

DuglasOil POWER-Tech 10W-40 4T is a fork oil made on a synthetic basis with the use of high-quality additives. Designed for a smooth and safe ride thanks to great resistance to cutting forces and wear. It provides excellent performance calibrated for arduous daily stresses, ensuring excellent suspension properties.

APPLICATIONS

The special formulation guarantees excellent protection both at high temperatures and in severe operating conditions, guaranteeing the best suspension performance in all conditions.

The use of this product allows the following benefits to be obtained:

- Reduction of wear;
- safety when driving both urban and on the track.

TYPICAL FEATURES*

SAE SCALE		10W
Density a 15°C Kg/dm ³	ASTM D1298	0,840
Viscosity at 100°C cSt	ASTM D445	6,5
Viscosity index	ASTM D2270	160
Flammability V.A. °C	ASTM D92	210
Pour Point °C	ASTM D97	-33
Demulsivity min	ASTM D 1401	40/40/0 10'
